

CHAPTER 4 : DISCUSSION	23
4.1 Limitation of scope	23
4.2 Biased selection	23
4.3 Tubewell data	23
4.4 Arsenic contamination	23
4.5 Patients	24
CHAPTER 5 : LESSONS LEARNED	27
5.1 Using E. Merck field kit	27
5.2 Testing and marking tubewells	27
5.3 Identifying patients	27
5.4 Building awareness	29
5.5 Alternative water sources	29
REFERENCES	30
ANNEX 1	31
Districts with number of Thana, Union & villages covered	31
Thana with number of Union & Villages covered	32
Unions with number of villages covered	34
ANNEX 2	37
List of Villages with >90% TW contaminated	37
ANNEX 3	40
List of Villages with at least 10 patients	40
List of Villages with 100% tubewells contaminated but no identified patients	42
List of Villages with 100% TWs contaminated and at least one identified patient ..	43
ANNEX 4	44
Sample Forms	44
Sample Village Map	47
ANNEX 5	48
Name of RAP Workers (Phase I & II)	48
